# Attic Exhaust Ventilation

Effective attic ventilation is critical for a long-lasting roof! A properly balanced attic ventilation system will help to:

- Remove excess heat and moisture to protect your roof from premature deterioration
- Avoid roof rot in your attic or roof deck
- Minimize peeling and extend the life of exterior and interior paint
- Limit the growth of harmful mold
- Safeguard your attic possessions against mildew damage
- Guard against ice damming in harsh winter climates
- Promote your home's energy efficiency

Cobra® Exhaust Vent is a key part of the GAF Lifetime Roofing System and has even earned the prestigious Good Housekeeping seal (applicable in U.S. only; see reverse).
